PUBLIC NOTICE **Garbage and Recycling**

May 9, 2017

The delivery of rolling containers (gray for garbage and blue for recycling) will take place starting on Monday, May 15, 2017. They will be delivered by a contractor to each residence and business.

A transitional period is planned to comply with the use of these rolling bins. The bins were billed on your 2017 tax account and a 3 year funding was adopted. The amount of \$38.50 includes two (2) rolling bins and delivery service. The municipality has disbursed \$ 52,000 from the RECYC-QUÉBEC compensation for the purchase of these bins.

For bulky items, the council adopted a resolution that determines pick-up days on May 17, 2017 and September 20, 2017. At no other time during the year may bulky waste be put on the road for collection.

We are asking the public to demonstrate an understanding during the transitional period required by this new municipal service to be managed in-house. This decision allows the municipality not to increase taxes on garbage and recycling and we believe that the municipality will be able to provide a better service than in previous years, so that municipal employees are less at a lower risk for accidents using hydraulic equipment to recover your garbage and recycling.

I would like to take this opportunity to thank you on behalf of the entire team of employees of the municipality of Kazabazua.

Pierre Vaillancourt
Director General and Secretary-Treasurer
Municipality of Kazabazua
