RénoRégion 2023-2024 Program

Gracefield, May 23, 2023 - Following recent government announcements, the MRC de La Vallée-de-la-Gatineau wishes to inform the public that \$360,000 in financial assistance is available as part of the renovation program of the Société d'Habitation du Québec (SHQ).

RénoRegion's goal is to provide financial assistance to low- and modest-income homeowners living in rural areas to carry out work to correct major defects in their homes. Thanks to the SHQ's RénoRégion program, you could receive up to \$20,000 or \$25,000 in subsidies, depending on your household income.

Eligibility

The program is intended for owner-occupiers of a dwelling that is located in an eligible territory and that has one or more major defects.

Other eligibility requirements:

- The dwelling must be occupied as a principal residence by the owner applying for financial assistance;
- The standardized value of an eligible building is \$150,000, excluding the value of the land;
- The presence of a major defect eligible for the program must be confirmed by an inspector accredited by the SHQ during a home visit;
- The owner is not eligible for the program if he has benefited from the RénoRégion or RénoVillage program during the five years preceding his application.
